Question Regarding Alternative Site and Configuration Evaluations for the Proposed EValution Cobalt Processing Facility

Permit-Wells - ADWR <permit-wells@azwater.gov>

Mon, Jun 22, 2026 at 8:42 AM

To: Maria Coffee <mariacoffee99@gmail.com>

Unfortunately our section will not be able to answer most of the questions listed in your email, as the department was not involved in selecting the location of the cobalt facility. The groundwater permitting and wells section would only be able to provide information on wells if they are being used. Reaching out to EValution directly might be the best course of action to get a better understanding of the research that was conducted and if other sites were considered.

Groundwater Permitting and Wells
