

Arizona Public Records Request – EValution Energy Project

Date: July 30, 2026

Dear Mr. Grubaugh,

Pursuant to the Arizona Public Records Law, I respectfully request copies of the following records related to the proposed EValution Energy cobalt sulfate production facility near Tacna, Arizona:

- Any correspondence (including emails, letters, or memoranda) between the Wellton-Mohawk Irrigation and Drainage District (WMIDD) and EValution Energy regarding the proposed project.
- Any correspondence between WMIDD and Yuma County regarding the proposed project.
- Any correspondence between WMIDD and the Arizona Department of Environmental Quality (ADEQ) regarding the proposed project.
- Any correspondence between WMIDD and the Arizona Department of Water Resources (ADWR) regarding the proposed project.
- Any agreements, contracts, memoranda of understanding, or other documents between WMIDD and EValution Energy regarding the proposed project or the project's test well.
- Any records relating to WMIDD's participation in or financial contribution toward drilling, testing, or evaluating the project's test well, including authorizations, approvals, supporting documentation, or related records.
- Any engineering, hydrogeologic, feasibility studies, technical reports, reviews, recommendations, or evaluations prepared by or received by WMIDD regarding the proposed project or the project's water supply.
- Any documents identifying or discussing water supply, groundwater, irrigation, drainage, projected water demand, or other infrastructure considerations related to the proposed project.
- Any documents discussing the ownership, operation, maintenance, or future transfer of the project's test well or any proposed production wells.
- Any maps, exhibits, site plans, or other supporting documents provided to WMIDD as part of the project's review that are not already publicly available.

- Any board meeting agendas, meeting minutes, presentations, resolutions, or other official records discussing the proposed EValution Energy project.
- Any meeting notes, internal memoranda, or staff reports documenting WMIDD's review or discussions of the proposed project.

Purpose of Request:

This request is made in **the public interest**.

I am conducting independent research for YumaIndustrialBenefit.org, an informational website documenting the publicly available permitting process, environmental review, and regulatory information related to the proposed EValution Energy project.

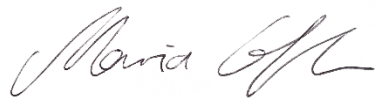

The purpose is to help the public better understand the project's review process and the information available from public agencies.

If any portion of this request is unclear, or if narrowing the request would facilitate processing, please let me know.

Thank you for your assistance.

Sincerely,

Maria Coffee
