Dear Development Services,

I am requesting a copy of the complete public record for **Special Use Permit SUP22-08** related to the proposed Evelution Energy cobalt sulfate processing facility west of Tacna and east of Wellton, Arizona.

Specifically, I am requesting:

- The complete application.
- The staff report.
- The site plan(s).
- All engineering drawings.
- The narrative.
- All attachments and exhibits.
- Agency comments and responses.
- Environmental and technical reports submitted with the application.
- Any revisions, amendments, or conditions of approval.
- Any documents identifying the exact parcel boundaries and facility layout.

I already have the documents for **SUP23-17**, which relate to the solar generating facility. I am specifically seeking the documents for **SUP22-08**, which concern the cobalt sulfate processing facility.

Electronic copies by email would be greatly appreciated.

Thank you very much for your assistance.

Sincerely,

Maria Coffee
